

DEVIL'S HEAD RACE PROGRAM

Devil's Head Resort is proud to introduce their new race program. This new program, will be available of all ages The only requirement is that skiers need to be able to get on the chairlift on their own and ski down most runs. Devil's Head has a new race director on staff. Ari Ottersen has a strong race background and has been involved in racing since he was a child. He grew up racing in Norway and after moving to the US has been involved with teaching and coaching kids the secret of becoming a better skier and racer with great success, his most recent coaching has been at Cascade WI. We are excited to be able to offer our racers his knowledge. Ari matches Devil's Head vision of a strong race program in the region. With his connections and knowledge he has the ability to grow the program. Continue to look at our website-www.devilsheadresort.com for new information as we grow.

Devils Head ski resort offers the best ski terrain in the area and provides the best conditions available. Devil's Head as a wide variety of terrain and courses will be set on different runs including "00" and the new run "Sidewinder" opening in the 09/10 season. The combination of great coaches and great terrain will accelerate the learning curve and create the fastest racers in the area look out! Devils head race team is here!!
